

The story of Noah and the ark really happened. It is a wonderful example of following a pattern.

For Class & Family Discussion:

A. God chose to destroy the world because it was _____ (Gen 6:5)

- Noah found _____ with the Lord (Gen 6:8)

B. God told Noah to build an ark

- He told Noah what _____ of wood to use (Gen 6:14)
- He told Noah how _____ to build it (Gen 6:15)
- He told Noah _____ (Gen 6:16)
- He told Noah to gather _____ and _____ (Gen 6:20-21)

Noah did _____ that the Lord commanded (Gen 6:22; 7:5)

C. Noah was saved because he listened to God and obeyed the Lord

- What Noah did was _____
- What Noah faced was _____
- What Noah had to do was _____ God

- Noah lived in a time when most people did not do what God said. Do you think that was hard for Noah?
- Genesis 6:15 tells us the size of the ark: 300 cubits long, 50 cubits wide and 30 cubits high. A cubit is about 18 inches. There are 12 inches in a foot. With help from your teacher, how big was the ark in feet?
- What do you think would have happened if Noah only made the door of gopher wood but the rest of the ark was something else?
- How long did it take Noah to build the ark?
- Noah did something else while building the ark. What does 2 Peter 2:5 tell us that he did?
- How did God show His love for Noah?
- How did Noah show his love for God?
